I · HOW TO READ THIS MENU

How to read this menu

Two things make a salon menu confusing: vague ranges ("from ₹X") and hidden modifiers (long-hair surcharge, brand premium). This planner explains both clearly so you can budget accurately.

"From ₹X" — what determines the actual price

1. **Hair length** — short (above shoulder) is base; shoulder = +20-30%; mid-back = +40-60%; long = +60-80%
2. **Density / volume** — thick or coarse hair uses more product, +10-15% loaded
3. **Brand chosen** — baseline vs premium (L'Oreal Pro / Schwarzkopf / GK / Matrix) varies 15-25%
4. **Bundle savings** — 10-15% off when 3+ services in one visit; 15-20% off pre-bridal/bridal multi-service packages

What this menu does NOT include

- Take-home product (sulphate-free shampoo, leave-in serum, mask) — sold at retail price
- Long-hair surcharge for hair below mid-back (typically 10-25% extra)
- Brand premium when you choose top-tier products
- Tip / gratuity (entirely optional, customary 5-10% for premium services)
- Travel for on-site bridal services

ALL-OUTLET PRICING

Service-menu prices are **identical across all 4 YLG Chennai outlets** — Adyar, Anna Nagar, Besant Nagar, Porur. Final per-session quote varies with your specific hair length, density, and brand chosen — not with location.
